

Who Do You Think You Are?

Where are you from and what makes that place unique? What values and practices did your family give you that were different from those around you?

Read **Philippians 3:18-20**. How do these verses influence your perspective on where you're from?

As citizens of heaven we need to

1. Think Differently

Read **Colossians 3:1-2** and **Philippians 4:8**.

- What are some ways you can think differently and set your mind on things above?
- Make a list of earthly values and compare them to values we see in the kingdom of God.

2. Live Differently

- How have you drifted along with the culture of this world? In what ways do you NOT want to be “normal”?
- Identify two practices you can change to more fully reflect the values of God’s kingdom.
