

Interconnected
Genesis 2.18a

God did not create us to live in isolation.

We Should Probably Listen To God

Your understanding of the Image of God will shape, influence and determine your understanding of what it means to be human. It is that important. Image is Everything.

To God, aloneness is not good.

We cannot function in the image of God without human interaction.

God didn't create us to live in isolation.

Everyone's path is different. But at some point, all of us must find a path out of the aloneness. We need connections. We need relationships.

The fear of dying is a poor substitute for the joy of living.
