Integrity in the Workplace

Daniel 6:1-5

When we work with integrity, we show the world the character of the God we worship.

1. Integrity at Work Means Faithfulness in Character
2. Integrity at Work Means Diligence in Effort
3. Integrity at Work Means Witness Through Faithfulness

Where is your integrity being tested right now—in deadlines, finances, conversations, or promises?

If people at your workplace were asked to describe your work, would words like “trustworthy” and “faithful” come up?

What would it mean for you this week to do your work as if God Himself were weighing it on His scales?
